Adult Volunteer of the Month Anna Simpson

Anna has been contributing her time as a Registered Nurse in the Pediatrics Department of the Vicenza Health Center since the beginning of 2012. Beyond simply assisting with improving the capabilities of the department as an extra nurse during normal operations, she has also assisted during such high-volume times as School and Sport Physical days. She is also one of four newly certified Basic Life Support – BLS – instructors. This is a critically important position as the Health Center is required to provide BLS instruction for all personnel within the facility and to other organizations on post requiring BLS certification. She has quickly become a part of the health center team and has been an enormous asset to her fellow health care professionals.
