New Scanning System for Gas Coupons at the ENI stations

NEW REGULATIONS FOR NATO FORCES GAS COUPONS EFFECTIVE APRIL-27-2014

To ensure strict compliance with Italian fiscal laws and regulations, ENI gas stations will be implementing a new automated system that will verify the fuel pumped into the vehicle strictly reflects the liter amount on the NATO FORCES gas coupons utilized during fueling. Please ensure that the exact coupon liter quantity is pumped into the vehicle as any difference **MUST** be paid to the gas station at the full pump price.

EXAMPLE IF THE FUEL PUMPED IS LESS THAN THE GAS COUPON LITER AMOUNT:

If you pump 19.99 vice 20 liters, the system will not recognize the 9.99 liters for a 10 liter coupon and you will be required to pay this amount, 9.99 liters in euros, at the full pump price.

EXAMPLE IF THE FUEL PUMPED IS MORE THAN THE GAS COUPON LITER AMOUNT:

If you pump 20.01 vice 20 liters, the system will accept 20 liters in gas coupons but you may be required to pay the gas station the excess 0.01 liters in euros at the full pump price, it is at the gas station's discretion. However, you will be required to pay any quantity in excess of 0.01 liters.

PLEASE NOTE: the pump price will depend on the pump utilized during the fueling of the vehicle, served/servitor or self/fai da te. The self/fai da te pump is considerably cheaper than the served/servito.

STATION THAT WILL NOT ACCEPT COUPONS: If you find an ENI station that will not accept coupons, please provide the date and location/address of the station to Exchange General Manager Susana Sobrino at 634-7796 to be forwarded to the tax-free products administrator.

For additional information, please contact Mr. Bartolomeo Di Muccio, Tax-free Products Administrator at 081 568 5439 or DSN 626-5439
