DPW Snow Removal Plan

Robert Clarke
DPW Director

VMC

- Snow removal and/or ice control plan will be implemented when
 - Snow has reached the depth of two inches on roads, or
 - Ice on roads is determined to be sufficient to cause hazardous driving conditions
- When notified, DPW will immediately send three crews to perform cleaning of installations main roads (Longare, Ederle, Villaggio, Del Din, Lerino and Torri)
- When roads are cleared, DPW personnel will begin clearing of parking lots on Ederle: Command Buildings, Clinic, Shoppette, Schools, Commissary, PX

DMC

- Low risk snow event climate however DMC DPW has snow removal equipment and plan to clear main roads followed by side roads and parking areas in priority as VMC. More common is frosting of Depot roads, when notified salt/sand mixture is spread for vehicle traffic safety.

Info-X

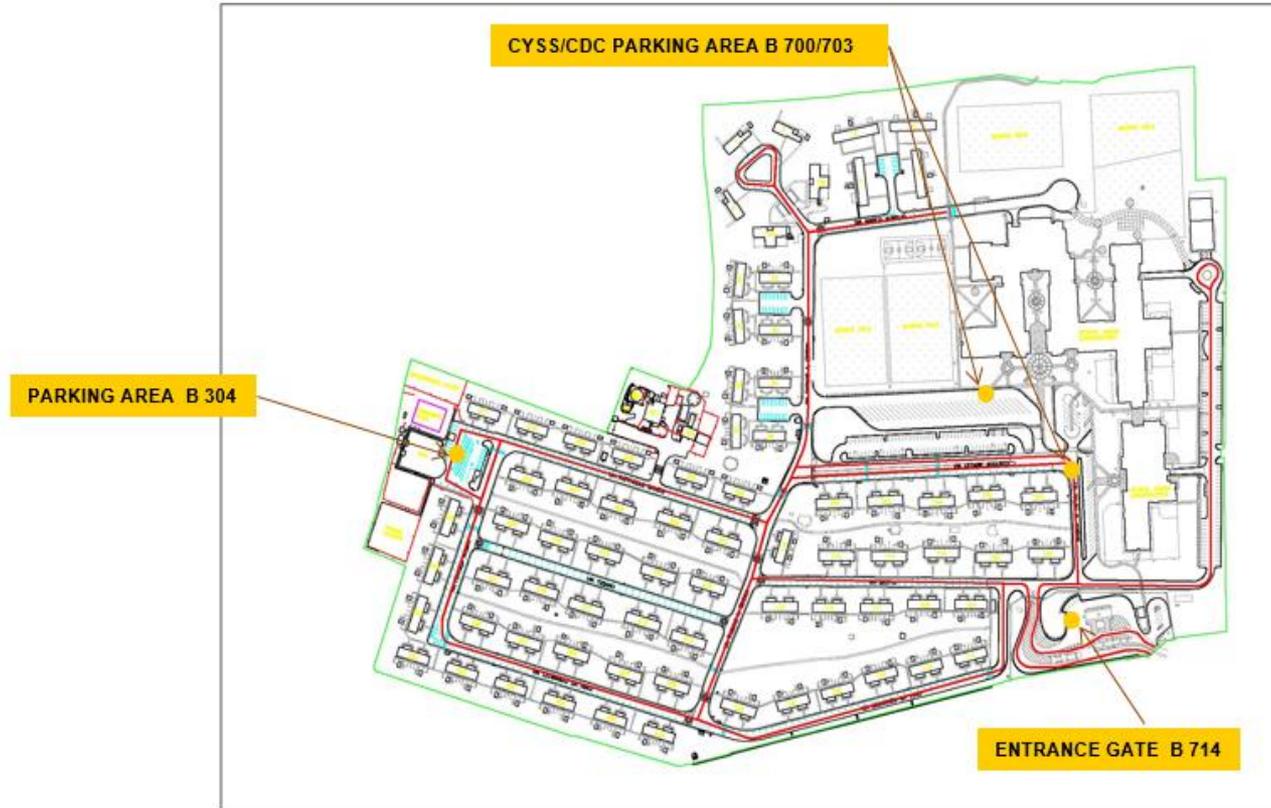

- Bags of salt will be placed at different building locations throughout Caserma Ederle, Del Din, Longare, Villaggio, Darby, and Depot for the community to be spread at entrances and on sidewalks if necessary
- Limited amount of snow shovels will be available for 48 hr use from DPW Supply
