Del Din UXO removal set for Dec. 1

By USAG Vicenza PAO

During contract unexploded ordnance (UXO) clearing operations on the eastern side of the former Dal Molin Airfield, overseen by Italian Army Explosive Ordnance Disposal soldiers of the 2nd EOD Regiment, a large bomb from WW II was discovered Oct. 28, buried more than 3 meters beneath the former airfield.

After further expert examination Nov. 5, the City of Vicenza announced Wednesday that it will enforce a wide area evacuation on Sunday, Dec. 1, in order to safely excavate, disarm and remove the approximately 4,000-lb., British made bomb.

The evacuation order is expected to include all residential and work areas on Caserma Del Din and areas of Vicenza proper still to be announced.

Italian EOD experts are highly skilled in safe removal of UXO, which is not an uncommon occurrence in areas of past conflict. The total explosive weight of this particular bomb, however, requires additional precautions for Vicenza residents. A similar event in 2001

was resolved without incident.

The clearing operation is being undertaken in preparation for the turnover of the Parco della Pace, or Peace Park, green area to the City of Vicenza.

USAG Vicenza PAO in conjunction with AFN Vicenza will provide the VMC with up-to-date information on the City's requirements as they are announced.

Italian EOD soldiers and contractors remove UXO from the Parco della Pace Aug. 23.

Sky Soldiers from the 173rd Infantry Brigade Combat Team (Airborne) took part in an Armistice Day commemoration ceremony in downtown Vicenza Nov. 4 alongside Italian military and civic leaders.

Armistice Day marks the anniversary of the official date of the conclusion of World War I. Soldiers from Alpha Company, Brigade Special Troops Battalion, stood in formation in the Piazza dei Signori, the historic center of Vicenza, alongside Italian soldiers, police, firefighters, emergency-care workers and a group of Italian children.

The ceremony was presided over by the mayor of Vicenza, Achille Variati, and Carabinieri Commander for the Province of Vicenza, Col. Michele Sarno. U.S. Army Africa Commanding General, Maj. Gen. Patrick J. Donahue II, took his place on the reviewing platform as an invited guest.

Unique perspective

"Being out here is a good experience because the opportunity to be with all the different Italian military, veterans and emergency services is a real honor," said Spc. Edwin Davis of Alpha Company.

"We were able to meet a couple of them and exchange some camaraderie," said the Nashville, Tenn., native. "As Sky Soldiers, it gives us a chance to maintain good rapport with the community and it's a real learning experience too in terms of culture and seeing how their ceremonies are celebrated here. For the veterans here it was inspiring."

More than 100 Vicentines gathered to witness the ceremony, which featured processions and reviews by several veteran associations.

"It felt great to take part in this ceremony for past veterans. It was awesome for us to be able to integrate with the Italian forces and veterans out here," said Sgt. Daniel Dixon of Monroe, Mich.

"It gave us a chance as Sky Soldiers to pay our respects," he said.

Commissary to scan all patron IDs

By DeCA PA Division

Commissaries worldwide will soon begin scanning customer Department of Defense ID cards at checkouts. The Caserma Ederle Commissary will begin scanning IDs Nov. 13.

Implementing the new practice began Oct. 22 at Fort Lee, Va., as the first part of an agency-wide roll-out to all stores worldwide that will be completed by mid-January.

Commissary shoppers are used to showing their ID cards to establish their eligibility to use the commissary. By scanning the ID at checkout, DeCA will no longer need to maintain any personal information on customers in its computer systems, such as the system used for customers who write checks. Scanning will also help improve the commissary benefit for all patrons, according to Joseph Jeu, DeCA director and CEO.

"In addition to verifying customers as authorized commissary patrons, we'll gain information that will give us a better understanding of our patrons, allowing the agency to provide the commissary benefit more effectively and efficiently," he said.

Cross-referenced with other DoD data, the scan data will give DeCA useful information about patron usage, by military service, along with customer demographics that will not identify specific personal data. This will eventually help the agency identify shopping needs and preferences, information considered essential in today's retail business environment. It will also allow more accurate reporting to the military services on commissary usage.

The demographic information DeCA will use is strictly limited to card ID number, rank, military status, branch of service, age, household size, ZIP code of residence and duty station. DeCA will not be using any personal information such as names, addresses or phone numbers.

"The methods, processes and information we'll use will not compromise our customers' privacy, they can be sure of that," Jeu said. "We're putting technology to work to better understand our customers and ensure the commissary benefit continues to remain relevant to them now and in the future."

Respect Families of the Fallen reserved parking

By Dr. Hanna Leong

Survivor Outreach Services liaison

No benefit or entitlement can truly do justice to honor the Soldier who has made the ultimate sacrifice.

The Army's dedication to continue to care for and include Families of the Fallen on Army installations in Italy and Germany has extended to the setting aside of Reserved Parking for Family members who have lost their Soldier on active duty status. These Family members are provided a parking permit to be displayed on their automobile dashboard when they use these parking spots.

It is a small convenience to honor them, since the loss of their Soldier continues to impact their everyday life. We ask that the Vicenza Military Community respect and acknowledge the sacrifices these Families make daily as they adjust to a new role in our military community. Please do not park in these reserved spots by the Commissary and PX.

If you are a Family member of a Soldier who was killed or died on active duty status, please contact the SOS Liaison at ACS, located in Davis Hall, Building 108 on Caserma Ederle.

RCO Italy, 414th CSB win Army award

Story and photos by RCO Italy

The Vicenza based Regional Contracting Office-Italy (RCO-I) has been honored as the recipient of the Secretary of the Army 2013 Outstanding Unit/Team Specialized Services and Construction Contracting Award.

The prestigious award recognizes RCO-I for its substantial contributions to contracting excellence in support of supply and construction related efforts, including expeditionary contracting on the continent of Africa.

"These awards showcase the best and brightest in the Army contracting community," said RCO-I Chief Sarah Taylor.

The Secretary of the Army Awards for Excellence in Contracting were established in 1997 to recognize contracting and acquisition professionals who excel in timeliness, customer support and contracting innovation that lead to process improvements and specific achievements in supporting the contracting mission worldwide.

From July 2012 through June 2013, RCO-I's Supply, Expeditionary and Construction Team was the driving force in providing customer support, increasing contract efficiencies, effec-

tively managing human resources and process improvement for U.S. Army Africa (USARAF), U.S. Africa Command (ARFICOM), Special Operations Command Africa (SOCAF), USAG Vicenza, and other supported units which sped the successful execution of eight exercises on the African continent while simultaneously supporting the build-out of Caserma Del Din and continued support of garrison operations.

During July and August 2012, RCO-I transitioned procurement authority from the 409th Contracting Support Brigade, Germany, to the 414th CSB, Italy, which received Initial Operation Capability Oct. 16, 2012. Directly aligned to 414th CSB, the RCO-I mission changed and expanded to include expeditionary contracting in Africa and information technology procurements.

Accord 12, a 1,300-person exercise in Botswana, awarding roughly \$1.5 million in contracts and providing on-the-ground support. The team also supported Flintlock 13, a Joint Chiefs of Staff-directed, ARFICOM-sponsored exercise conducted by Joint Special Operations Task Force-Trans Sahara. The team overcame language barriers and austere living conditions to ensure that \$1.2 million in contract requirements were met to support 1,200 participants from 17 countries at three remote training locations for 58 days.

Fast, effective response

On short notice, the team deployed two members to South Africa to provide support to Operation Jukebox Tempest in support of President Obama's visit there in July 2013, playing a critical role and helping to support U.S.-African relations.

The team transformation has culminated in working closely with customers as one team to achieve effective acquisition planning, streamlining contract awards and empowering individual team members to fully exercise their professionalism and innovative contracting skills.

VMC welcomes new EEO chief on board

Meet Eric Zelko, Equal Employment Opportunity officer for the U.S. Army Garrison Vicenza. Zelko arrived in Vicenza in August from Ansbach, Germany, where he had worked for nearly two years.

He served as well at Fort Riley, Kan., previous to taking on that assignment.

He is a graduate of Kansas State University and his father served in the Army for 24 years.

Zelko said his favorite things about Italy are sunshine, after moving south of the Alps from Germany, and the wine.

He is also excited to breathe new life into the EEO program, he said.

"The mission of the Equal Employment Opportunity Office is to manage the commander's EEO program with the objective of eliminating unlawful discrimination," Zelko said. "At the end of the day, we're here to make the workplace better for everyone on the team."

Eric Zolke is the VMC's recently arrived EEO director.

You can find Zelko in Building 305 on Caserma Ederle, reach him via email him at eric.j.zelko.civ@mail.mil or call him at 634-7084 or 0444-71-7084.

First VHS Students of the Month recognized

By Alexandra Frank
Special to The Outlook

Student of the Month recognition is a new concept at Vicenza High School. The students chosen for the title exhibit model behavior in that they are hardworking, trustworthy and always willing to help others.

The first quartet to receive the honor, October's Students of the Month, were seniors Abby Vallery, Derrick Grice and Austin Kelly, and junior Alexandra Czarnik. Each of these students exemplifies what it means to be a good citizen, not only at Vicenza High School but in the community at large.

All four are avid participants in extracurricular activities, whether in sports or academic groups.

Kelly is respected in the school for his participation in the varsity football program, where he was chosen as a senior captain in the season just ended. While he enjoys playing sports, Kelly is also a member of the yearbook production team and the Junior Reserve Officer Training Corps, where he has been described as a leader always willing to step forward and help out any student.

Caring, compassion, humor

Grice, also a member of the football team, has been in Vicenza since he was in middle school year. During this time he has established meaningful, positive relationships with both students and teachers at VHS. He is both compassionate and funny, said fellow student, Alejandra Sandoval, and very considerate of others, according to computer science teacher Lori Encke.

Czarnik, known to her friends as Sascha, is a new student at Vicenza High School this year. Despite being new to the community she wasted no time getting involved as a member of the Lady Cougars volleyball team, and enjoys tutoring students who are struggling in math on her free time.

Her teachers describe her as having a great personality and a welcome addition to any classroom, and have

noticed her efforts to help other students in various school subjects.

Vallery, the fourth student recognized as October Student of the Month, is known for her active volunteer activities throughout the community. She can be found daily at Army Community Service, completing any task needed. When not volunteering, Vallery runs the Future Educators of America Association of Europe.

Last year she was named president of the European branch, which is not only a great honor, but requires much organization and dedication. Vallery is extremely enthusiastic about her work and continues to be involved in the community.

Students of the Month are selected not only to recognize their exemplary work and leadership, but to make the entire school community aware of the values and behavior that make VHS and the Vicenza Military Community a better place to be. Students of the Month for November will be announced by the end of next week.

Meal option set for Darby local nationals

By USAG Vicenza PAO

In a meeting Tuesday with local union representatives in the Darby Military Community, Deputy Garrison Manager Larry Kilgore announced the provision of a monthly stipend to the Italian national work force as the mensa contract there comes to an end.

"The current contract through which we provide the mensa for our great local national work force will end on the 30th of November," Kilgore said. "After this date, all local national employees assigned or working for the Department of Defense in the Darby Military Community will be given a stipend of €68.85 monthly in their paychecks as per Article 46 of the Conditions of Employment."

Kilgore told union representatives that in order to ensure meal support to local national employees, a current

meal provider will offer an option for lunchtime meals and relocate to the Darby Community Club.

"The current location of the Italian mensa, the Darby Community Club, will be renamed the Darby Cafeteria," he said.

Kilgore also confirmed that the current shuttle service that transports employees from the Depot to the Darby Community Club for lunch will remain in operation. A new cafeteria is projected for completion mid-year of 2015 on the Depot side of the Darby Military Community, he said.

"After it is operational, all lunchtime meals will be served from that location," Kilgore said. "The command will continue to work to provide a lunchtime service and that the new cafeteria is completed on schedule. All updates to this issue will be given to the Union representatives as they become available," he said.

Opzione sostitutiva mensa per i lavoratori di Darby

Ufficio Pubbliche Relazioni di Vicenza

Nel corso di una riunione tenutasi martedì con i rappresentanti dei sindacati presso la comunità militare di Darby, il manager della Guarnigione Larry Kilgore ha annunciato che ai dipendenti italiani della base verrà corrisposta un'indennità sostitutiva mensa allo scadere del con-

tratto.

"L'attuale contratto che fornisce il servizio mensa ai lavoratori italiani scade il 30 novembre," ha detto Kilgore. "Dopo quella data, a tutti i dipendenti italiani del Dipartimento della Difesa americano assegnati a Darby verrà corrisposta direttamente in busta paga l'indennità sostitutiva mensile di €68.85, secondo quando

previsto dall'Art. 46 delle condizioni di impiego."

Kilgore ha informato i rappresentanti dei sindacati che, al fine di garantire ai dipendenti un'opzione per la pausa pranzo, un ristorante già operante all'interno dell'installazione si è reso disponibile a trasferire la propria attività all'interno del Darby Community Club per venire incontro all'esigenza dei lavoratori. Kilgore ha aggiunto che "l'attuale sede della mensa italiana, il Darby Community Club, con l'occasione cambierà nome in Darby Cafeteria."

Kilgore ha confermato che continuerà a funzionare l'attuale servizio di bus navetta che trasporta i lavoratori dal Depot al Darby Community Club per la pausa pranzo. Entro metà del 2015 si prevede la realizzazione di una nuova cafeteria all'interno del sito denominato Depot. "Una volta operativa, i pasti verranno serviti direttamente nella nuova sede," ha detto Kilgore, aggiungendo che "il Comando continuerà a lavorare per offrire un servizio pasti e per garantire il puntuale completamento dei lavori per la nuova cafeteria. I rappresentanti sindacali saranno tempestivamente informati sull'evolversi della situazione."

Lady Cougars take fourth at Euro volleyball finals

By USAG Vicenza PAO

The Vicenza High School Lady Cougars volleyball team capped their winning season with a fourth place finish in Division II DoDDS European Championship play at Ramstein, Germany, Nov. 2.

That final standing belied the squad's season-long strong performance, in which they racked up an 8-4 record in regular play and beat all but three teams at the European level.

"They had a great season and finished happy, knowing they ran with the big dogs who play so well," said parent supporter Tina Juliano.

The Lady Cougars opened strong on the first day of pool play, putting away teams from Baumholder, Black Forest Academy and AFNORTH in straight sets before falling to the American Overseas School of Rome 25-18 and 25-20 in two tight and toughly contested matches.

Day two of preliminary matches saw the Lady Cougars take on and defeat Ansbach in three sets to clinch a berth in the semi-finals. The squad next knocked off Marymount International in two sets and advanced to face off with arch rival Naples in semi-final play, where they

went down to their second defeat of the tournament in three sets.

The Cougars finished their performance on day three against a powerful Rota team, dropping the first of two sets in a squeaker, 31-29, and the final set 25-10.

"The girls' motto this year was 'Veni, Vidi, Vinci' - I came, I saw, I conquered, from the Latin - and that's what they intended to do during the season and going into the tournament," said coach John Kohut.

Indeed, it's fair to say the Lady Cougars came, took the measure of the field and ran with the best with their heads held high till the final buzzer.

"Our girls showed some great defensive talent, with Marika Witt as our libero back row defensive player and some powerful outside hitting from Tia Juliano and Soliyah Stevens-Ogaz. Other players helping us in those matches were Sarah Weston, Emma Knapp, Megan Buffington, Hannah Buckingham and Zaria White, with Alex Frank as our setter," said Kohut.

Two-time All-Europe veteran Juliano was recognized as an All-Tournament star for the third year running.

Back in the spotlight

"After last season's finish, this group of girls turned the whole program around and worked hard to get Vicenza volleyball back into the spotlight," Kohut said.

That they did. And, there was a little something extra the girls took home from the tournament: a sense of cohesion, pride and accomplishment in having grown and done their best.

"Respect all the way around," said Tina Juliano, the parent supporter. "They had a great coach; all grew and all got along; smiles all season. I would say that is a win-win."

"Next year we will be returning about five or six players who were starters and it should prove to be a successful year as well," said Kohut. "We wish all our seniors good luck in their endeavors and we will continue to grow Vicenza volleyball."
